ITINERARY

1 Marsa Alam hotel to Hamata Port

The diving trip at Sataya Dolphin Reef from Marsa Alam started with picking up all our clients from all the hotels between El Quseir and Hamata hotels. The transfer lasts an average of one and a half hours between the amazing Red Sea mountains and Wadi El Gemal National Park. Upon arrival, the yacht staff will welcome you and accommodate you in your room.

After around two and a half hours of sailing, you will reach Sataya Dolphin Reef, where you will have your first dive. Your dive instructor will brief you on everything needed for the first dive before you jump into the water with him. Later on, if you like to snorkel while the others enjoy their diving session, you can experience the spinner dolphins in their natural habitat.

Enjoy a freshly cooked lunch on board with hot and soft drinks, and then enjoy your second dive after lunch at a different diving site where you can admire the best Red Sea marine life and the Red Sea corals with [Red Sea Liveaboard](#) tours. Enjoy your dinner while listening to music and gazing at the stars before you go to rest whenever you like till the next morning.

2 Snorkeling at Sataya dolphin house

You can enjoy snorkeling and [diving safari in Red Sea](#) with dolphins very early in the morning before the daily boats reach the area, as it is one of the world's best locations to experience dolphins in their natural habitat.

Enjoy your breakfast on board, then sail to Abu Galawa, which is an ideal place for snorkelers and divers alike. Enjoy your third dive at the Abu Galawa wreck, which sank in the 80th for about 18 meters and is now an amazing place for diving.

Finally, you will sail back to Hamata Marine and later to your hotel in our A/C vehicles.
