experience by combining professional training, perfect wind conditions, and breathtaking landscape. Experience the excitement of riding the winds and waves in one of the top kite surfing locations in the world by signing up for an 8-day vacation in Hurghada. Regardless of your level of riding experience, this excursion is sure to provide fun, education, and lifelong memories.

ITINERARY

1 Here you are at Hurghada! Dinner and unwinding on the boat at the recently opened marina!

You will be greeted upon arrival at Hurghada Airport and taken to the Boat, which is situated in the new marina in Hurghada and is only 15 minutes away. You can start the evening aboard the boat with a delectable dinner and then relax with a refreshing welcome drink in the marina. Get a good night's sleep because we are planning to leave early the next morning.

2 Amazing Abou Mongar Island Kitesurfing Adventure: Relax and Get Ready for Tomorrow's Early Session!

We will travel to Abou Mongar Island, which is regarded as one of the best places in the Red Sea for kitesurfing, early in the morning. This remote beach, with its large lagoon of shallow, crystal-clear water, provides an amazing setting away from busy coastlines and cities. Here, you can start your experience by freestyle on the flat, glass-like water or by jumping over the sandbar. Following a strenuous day of sailing, unwind on the main deck while relishing a well-

earned beverage and taking in the calming tunes performed by our musicians as dusk falls. You can watch our screens to see the images and videos from the day's activities as you wait for your dinner. In Abou Mongar, we will spend the night getting ready for an early morning session.

3 Travel to Geisum Island: Arriving at 4 AM and Staying for 4 Nights!

We will go on to our second location, Geisum Island, where we will spend the next four nights, at four in the morning.

4 Full-Day Geisum Tour: Wakeboarding, Kayaking, Snorkeling, and Dolphin Observation!

We are going to spend the whole day touring Geisum. During the northernmost portion of our safari, you will have the chance to take full advantage of the ideal side shore breeze as we sail amongst the islands. Here, the crystal-clear water makes it simple to see dolphins swimming through. The flat, tranquil water makes this pristine region perfect for wakeboarding, snorkeling, and kayaking.

5 Exciting 10-Kilometer Downwind Riding and Stay in Geisum for the Night!

We'll go on an exhilarating 10-kilometer downwind ride before breakfast to reach our next location! To make sure you're safe, the boat and our rescue team will be there. After some flat water practice, we'll head outdoors to experience some exhilarating swells that will allow for some amazing carving and high jumping. We will end the day's activities back on Geisum, where you have the opportunity to see any lagoons you may have missed because the area is large.

We are going to stay overnight at Geisum.

6 Proceed with Your Geisum Exploration and Head Back to Abou Mongar for Your Overnight Stay!

By the end of the day, we'll be back to Abou Mongar to spend the night after finishing our exploration of Geisum.

7 Abou Mongar Island's Sunrise Lagoon Ride, Hurghada's Nightclub Fun, and Midday Kiting Adventure!

Our ride on the Abou Mongar island lagoon in the early morning will be a great way to capture our farewell photo. We will kite till noon, enjoy a filling lunch, and then return to Hurghada. We will clean and pack the equipment at the marina. We can visit one of the well-liked beach nightclubs nearby if you're still up for more fun. We're going to spend one final night in the marina on the boat.

8 Leaving the Boat: Disembarkation at Hurghada at 10 am, with the Option to Kite!

It's time to say goodbye. At ten in the morning, we shall step off the boat after breakfast. If your flight is later, you may make the most of your time by visiting some of Hurghada's kiting areas or just lounging on a local beach until it's time to go. PLEASE NOTE: Due to wind or flying schedule changes, the program may alter.
